

CINTAS'S NEW PAY PLAN MAKES BIG CUTS IN OUR CHECKS

Everything is Growing—Except Our Paychecks.

Prices are rising; profits are up; and executive pay is through the roof. Unfortunately, **SSRs aren't making what we used to.** Because of a new pay plan, some drivers report huge pay cuts.

Employees are supposed to make more—not less—as a reward for loyalty and hard work. That's why drivers across the country are standing together with the Uniform Justice campaign. We want better jobs, fair pay and respect at work.
